

Call for Symposia Proposals

47th Annual Meeting of the CCNP

September 17 - 19, 2025

Montreal, QC

Dear Colleagues:

We would like to invite you to propose symposia for the 2025 meeting of the **Canadian College of Neuropsychopharmacology** which is being held at McGill University in Montreal, Quebec, from September 17 – 19, 2025.

Symposia proposal should include (1) identification of the Chair(s), (2) a brief synopsis of the symposium theme (~ half a page), (3) a confirmed list of four speakers, including institutional affiliations, and (4) tentative titles plus a brief summary of each talk (3 - 4 sentences). Symposia should focus on topics that are timely and of broad interest to the CCNP membership. The local organizing committee encourages multi-institutional submissions with a translational component and a mix of junior and senior researchers. We encourage individuals from equity seeking groups such as women, racialized/visible minorities, Indigenous peoples, persons with a disability and others who reflect the diversity of Canadian society to be included as presenters.

Proposals can be uploaded directly on the CCNP website (ccnp.ca). If you have any questions or concerns regarding uploading your proposal, please contact Trudy Valliere at trudyvalliere4@gmail.com.

Deadline for Submission: May 16, 2025

We look forward to seeing you in Montreal!
