**CCNP MEMBERSHIP**

We encourage each member of the CCNP to invite at least one other person in the field of neuropsychopharmacology to join our ranks. Please fill in your name as the sponsor and invite a colleague that you feel will be a valuable addition to the CCNP to submit an application for membership. This is very important since the larger the membership of the CCNP, the more representative of the field of neuropsychopharmacology research it will be. Please, therefore,

consider asking all of your colleagues who are interested in research to consider joining. Those wishing to apply for CCNP membership can do so on-line at the CCNP website (<http://www.ccnp.ca>). **Membership dues are \$150 per year for Fellows, and \$25 per year for both Junior Members and Retired Fellows.** Subscription to the *Journal of Psychiatry and Neuroscience*, the CCNP's official journal, is offered to the CCNP membership free of charge.

## **THE JOCK CLEGHORN PRIZE**

This prize, which will consist of a cheque for \$500, will be awarded by the CCNP for the best poster presentation by a research trainee (graduate student or clinical resident or postdoc) at the Annual Meeting of the CCNP. All trainees/students who submit a poster presentation for the Annual Meeting will be eligible for this prize. Those already applying for travel bursaries will automatically be considered for the Jock Cleghorn Prize.

The poster presentations will be judged at the Annual Meeting by a committee consisting of at least 3 members of the CCNP council (or substitute judges to be chosen by the Council from the CCNP membership if needed). Topics on either basic or clinical aspects of neuropsychopharmacology will be considered. The poster should represent research in which the graduate student, postdoc, or resident is the primary investigator. Only the first author of the submitted abstract is eligible for the award. The winner of the award will be announced at the CCNP banquet and in the first Newsletter following the Annual Meeting.
